

Solar Photovoltaic System Specifications

Panel Type: Evergreen Solar EC-120-GL Modules

Manufactured: Massachusetts, USA using patented
Environmentally-friendly “string-ribbon” technology

Number of Panels at Maple Hill Farm: 126

Rated Power: 15 kilowatts (15,000 watts)

Inverter Type: Three Fronius IG 5000 watt

Output per Panel: 120 watts, 17.6 volts, 6.82 amps

Cells per panel: 72

Size of each panel: 25.7 in. by 62.5 in.

UL Rated System Voltage: 600 V

Warranty: 25 years
